---

**As simple as One... Two... and maybe Three!!!**

### **Setup 1**

- 1. Place the Beyond Platinum Receiver where it can see the front of your components.**
- 2. Remove ONE of your existing batteries in your remote and replace with a patented Beyond Platinum Transmitter Battery.**

**ENJOY!**

### **Setup 2**

- 1. Place the Beyond Platinum Receiver where it can't see the front of your components.**
- 2. Attach the Bright Eye Emitter Cable included in the kit to the front your component.**
- 3. Remove ONE of your existing batteries in your remote and replace with a patented Beyond Platinum Transmitter Battery.**

**ENJOY!**
